MAIL DATE: May 29, 2009

Dear [Redacted]:

The Department of Transportation now requires verification of an individual's Social Security number for all learner permits, driver licenses and identification documents we issue. This verification is done by comparing the Social Security number you provided the Department to the Social Security number that is on record for you with the Social Security Administration. We have not been able to verify with the Social Security Administration the Social Security number you provided when you applied for your learner permit, driver license or identification card.

As a result, your driving privilege is being cancelled effective **June 19, 2009 at 12:01 a.m.** as authorized by Section 1572 of the Vehicle Code.

In order to obtain reconsideration of this cancellation, you must take the following identity documents to a Driver's License Center prior to **June 19, 2009**. If the Department is unable to verify your name, date of birth, and Social Security number with the Social Security Administration, your driver's license/identification card will be cancelled indefinitely until this matter is resolved.
