Dear Students, Parents and Residents:

This letter is an effort to clarify the District's position with respect to statements made at the assembly held on April 24, 2015. It is the position of the Plum Borough School District that the District will not take actions that infringe upon the First Amendment rights of its students or staff with respect to their use of social media. The District will not prevent or inhibit any individuals from engaging in constitutionally protected speech. The comments made at the assembly were not intended to infringe upon any First Amendment rights. It is not the District's intent to prosecute or discipline any students for exercising those rights to the extent they are protected by the First Amendment of the Constitution. Be assured that the intent of the assembly was to provide protection to all of our students. We would again urge that all individuals refrain from engaging in any irresponsible, harassing and/or intimidating communications with respect to the ongoing investigations.

Respectfully,

A handwritten signature in blue ink, appearing to read "T. Glasspool", is written over a light blue horizontal line.
